

AGENDA

COVERED ELECTRONIC WASTE (CEW) STAKEHOLDER WORKSHOP RULEMAKING DISCUSSION: RESIDUAL CRT GLASS DISPOSITION

Tuesday, May 12, 2015 1:00 p.m. – 4:00 p.m.
Coastal Hearing Room Cal/EPA Headquarters Building
1001 I Street, Sacramento

The purpose of this workshop is to continue to discuss possible regulatory changes within the covered electronic waste (CEW) recycling program. The focus of discussion will be limited to requirements, restrictions, and allowances for the management and ultimate disposition of treatment residual cathode ray tube (CRT) glass derived from processed (cancelled) CEW. Brief updates on a few other aspects of the CEW program will be provided.

The format for the workshop will feature CalRecycle staff providing brief updates on program status and initiatives, as well as a brief summary of the oversight of residual CRTs in other states' programs. This will be followed by a focused overview of CalRecycle's understanding of current CRT markets and management options, including a recap of regulatory concepts, some of which have been presented at previous workshops. Draft regulatory language will be presented and open discussion invited. The workshop will allow stakeholders to comment, question, and discuss the rationale and possible evolution of the CEW recycling payment system.
